Sidexis 4: Efficient and versatile!

Two decades of experience in x-ray software, innovative ideas, and the proven Dentsply Sirona quality combined into one product: Sidexis 4.

Integrated workflows

Sidexis 4 can easily be integrated into your practice and is intuitive to operate without extensive training. Moreover, you are prepared for the future: As a new platform, Sidexis 4 also offers you upgrade options that go beyond just x-rays.

Modern, intuitive design

Sidexis 4 offers a completely new and modern look. And beneath the exterior, the new software also impresses users with the intuitive operating philosophy and clearly structured design. The new Timeline also gives you a clear overview of your patients' diagnosis and treatment history.

2D / 3D Seamless

Sidexis 4 allows you to view 2D and 3D data at the same time and to display them next to each other without switching between the programs. This saves you time and the cross comparisons give you a reliable basis when making diagnoses and carrying out treatments.

PC requirements*

Server PC	Minimum requirements	Recommended requirements
Operating system	• Windows Server 2008 R2 (64bit) • Windows Server 2012 R2 (64bit) • Windows 7 Pro SP1 (64bit) • Windows 8.1 Pro (64bit) • Windows 10 Pro (64bit)* *Version 1607, Build: 14393.693	• Windows Server 2008 R2 (64 bit) • Windows Server 2012 R2 (64 bit)
RAM	≥ 4 GB	≥ 8 GB
CPU	≥ 2 GHz DualCore	≥ 2.3 GHz QuadCore processor with 64 bit (x64)
Hard Drive	> 675 GB	> 1 TB
	During operation it must be ensured that there is always sufficient hard disk space available.	

Work station PC	min. req. for 2D station	min. req. for 3D station
Operating system	• Windows 7 Pro SP1 (32 o. 64bit) • Windows 8.1 Pro (64bit) • Windows 10 Pro (64bit)* *Version 1607, Build: 14393.693	• Windows 7 Professional, Ultimate (64 bit), also under Bootcamp; • Windows 8 Pro (64 bit) • Windows 8.1 Pro (64 bit)
RAM	≥ 4 GB	≥ 8 GB
CPU	≥ 2 GHz DualCore	≥ 2.3 GHz QuadCore processor with 64 bit (x64)
Graphics card**	≥ 512 MB	≥ 1 GB
DirectX	DirectX 9.0c	DirectX 10 with WDDM 1.0 or higher driver
Hard Drive	≥ 5 GB	≥ 5 GB

* More information at www.sirona.com/sidexis4-system_requirements
System requirements of the hardware used may vary.
** For the interaction with the 3D-rendered volume to be reliable and „smooth", graphics cards with at least the following Passmark GPU benchmark values are recommended: NVIDIA: Passmark > 1000; AMD: Passmark > 1500; Onboard: > 540

Sidexis 4 – x-ray software
The new gold standard

dentsplysirona.com

Optimum workflow with a clear structure

Sidexis 4 is the software for clear diagnoses. It efficiently structures your workflow in its modern and intuitive design and serves as a basis for further planning and diagnosis. This means you have everything you need at a glance.

Scan

For intraoral, 2D or 3D scans, or intraoral camera images, with Sidexis 4 you are prepared for every situation.
The software controls your x-ray unit within the Dentsply Sirona workflow and the images are assigned directly to the respective patient file. With the quick and easy import function, also for 3rd party CBCT data, practice work with referrals speeds up significantly.

Timeline

Diagnosis

Once you have used the new, well-planned diagnosis functions of Sidexis 4, you won't want to be without it. The Timeline function shows you the visual patient history in chronological order, and using the Drag & Drop function, you can easily select the images that you require for your diagnosis. These are then shown together in a light box, regardless of whether they are 2D, 3D, or intraoral. For the best possible comparability. 3D can also be used interactively in this view.
Planning

When you have finished your diagnosis, Sidexis 4 offers you a variety of solutions that are directly linked with the software. Whether sleep apnea, implants, or malfunctions, the SICAT software package includes solutions for these problems and many others. Use these in Sidexis 4 and plan your treatment reliably and quickly.

Treatment

More work remains in your practice. The entire package of Sidexis 4 and SICAT allows you to offer your patients a wide range of solutions – without the need to refer your patient elsewhere. Your patients benefit from fewer visits to the dentist and you benefit from the complete added value chain in the practice.
